

Skills Bootcamp

Our Games Development bootcamp is a 12-week course designed to equip you with the practical skills required in the gaming industry! You will choose to specialise in art or code and will become a certified Unity Professional. You'll work in teams on game jams, prototyping exercises, and live project briefs from industry leaders.

The bootcamp includes student-driven guest sessions from various publishers, developers, media houses and more. You'll also take part in a series of personal development and careers sessions, which will help you to prepare for your guaranteed interview and quickly integrate into any team.

All our Skills Bootcamps include:

- Mentorship with the Skills City Team
- Personal development sessions, including CV building, presentation skills and interview techniques
- An industry project, enabling you to build your tech portfolio
- A guaranteed job interview upon completion

Running 7th Feb – 29th Apr 2022
