SKILLS CITY

Fair Access to Technology Futures

## Low code, No code

This 10 week course will help to empower and equip graduates like you who are unemployed/ underemployed, and individuals that have been displaced by COVID-19 to re-enter the workforce as skilled Data Analysts.

Running 17<sup>th</sup> Jan – 25<sup>th</sup> Mar 2022

You will gain the necessary data skills to sit your AZ900 Microsoft Azure Fundamentals certification.

You will be introduced to Artificial Intelligence, giving you enough of an understanding on your journey to the AI Fundamentals exam, allowing you to build on this skill within your employment.
